Is the permittee		of the permit obligations (if applicable) that has not rmit application (including reports under previous				
If YES, attach a on.	short narrative labeled as "Part 5" iden	tifying the permit requirement and the entity relied				

Part 7 - Program Implementation Report

(Part 6 of the report was only applicable to the 2016 report and has been removed)

7.A) Compliance Schedule = required Annual Report Notifications

For all compliance schedule actions completed by January 1 of the year the report is due (including those actions completed prior to the reporting period), identify the date of completion. Refer to Part I.H of the permit.

Only complete those rows for which the deadline was met during the reporting period.

This table reflects all compliance schedule items for the permit term, which includes permit conditions that do not need to be met during the current reporting period.

Permit Condition	Action	Deliverable	Deadline	Date of Completion/ Implementation			
	County growth area maps (Part I.A.3.a.ii(B)) - Completed January 1, 2017 Refer to Part I.H of the permit, not a required element for reporting in the annual report.						
I.C.1, and PDD content requirements in Parts I.D and E	Complete PDD (contents must reflect terms and conditions that are in effect, i.e., following the associated compliance schedule deadline)	Notification in annual	Completed January 1, 2019	10/23/18

7.0	C) Assessment and Modifications
i.	The results of the assessment of the effectiveness of the control measures.
	Provide a narrative based on the assessment required in Part I.G.1.b of the Permit. The permit does not identify the scope or scale of information required beyond this information, the permittee may determine the extent and nature of information provided to meet this requirement.
	nature of information provided to meet this requirement.
	Provide information below, or check "attached" and attach the information labeled as "PART 7.C.i"
n .	The results of the permit modification assessment and if any parts of this permit need to be modified or a condition of the permit may not be practicable.
	Provide a narrative based on the assessment required in Part I.G.1.c of the Permit. The permit does not identify the scope or scale of information required beyond this information, the permittee may determine the extent and nature of information provided to meet this requirement.
	Provide information below, or check "attached" and attach the information labeled as "PART 7.C.ii"
	Attached

7.D) *Program Elements - Public Education and Outreach (Part I.E.1) *All of 7.D is not required prior to the Jan 1, 2018 deadline for implementing in accordance with I.E.1.a.i, ii, & iii					
iii. List of the education and outreach activities of	completed in accordance with Part I.E.1.a.i Illicit				
Discharges Education and Outreach.					
Provide list below.					
The City of Lone Tree provides both passive and	d active activities as identified below.				
iv. List of the education and outreach activities of					
	rencing the activities in Table 1 of the Permit.				
	on and outreach activities (bulleted items) and at least two olumn. Check those activities conducted in the table below.				
must be from the Active and interactive outreach co	Summ. Check those activities conducted in the table below.				
Passive Activity	Active and Interactive Outreach Activity				
Check all activities implemented during report year	Check all activities implemented during report year				
Bus shelter/bench advertisement	Ongoing advertisement/promotion of a stormwater				
Billboard/dasher board advertisement	hotline number or other method to report an illicit discharge				
Vehicle/bus advertisement	Ongoing advertisement/promotion on how to get more				
Radio/television/movie theater advertisement	information about the stormwater program				
Newspaper advertisement	Ongoing social media program				
Distribute educational materials by brochure	Web site that is interactive or contains stormwater information that includes actions that can be taken to				
Distribute educational materials by fact sheet	reduce stormwater pollution				
Distribute educational material by utility bill insert	Newsletter (hard copy or electronic)				
Publish article (hard copy or electronic)	Promotion of existing local stormwater/environmental events or program that help protect water quality				
Storm drain marking by permittee staff that maintains 25% of permittee maintained inlets.	 Distribute promotional items or giveaways 				
Stormwater related signage	Participate in or sponsor a water festival which involves				
Web site	populations that exist within the permit boundary				
	Participate in or sponsor a waterway clean-up and trash removal event				
	Participate in or sponsor a service project				
	Participate in or sponsor a stormwater or environmental presentation				
	 Participate in or sponsor a stormwater or environmental event 				
	Participate in or sponsor community project based programs that investigate watershed health and meet applicable school Science, Technology, Engineering and Math (STEM) standards				
	Continued on Next Page				

Received 83/87/2822

	Active and Interactive Outreach Activity Column, Continued
	Participate in or sponsor a household hazardous waste event
	Participate in or sponsor an Adopt-a-Street program
5	Participate in or sponsor an Adopt-a-Waterway program
	Participate in or sponsor an Adopt-a-Storm Drain program
	Provide ongoing access to motor vehicle fluids recycling program
	Stormwater booth at a community event
	Conduct a stormwater survey
	Storm drain marking program performed by the public/community
	Pet waste stations
	Participate in, plan, or present stormwater materials to schools
	Stormwater demonstration projects that show control measures or other pollutant reduction methods

v. A list of the education and outreach activities completed in accordance with Part I.E.1.a.iii. nutrients and targeted sources

Provide list below, including the pollutant sources targeted for each activity.

The City of Lone Tree has determined that fertilizers and animal waste contribute phosphorus and nitrogen nutrients to the waters receiving the discharge under the City's MS-4 permit. Thus, the City emailed informational exhibits regarding these nutrients to the Subdivision Homeowners Associations within the city limits, landscaping contractors who serve the properties in the City, Park Meadows Retail Resort, South Suburban Recreational District, Douglas County School District, Rampart Range Metropolitan District, Heritage Hills Metropolitan District and Park Meadows Metropolitan District. The informational exhibits were also posted on the City of Lone Tree's Facebook and Twitter accounts and displayed on the wall in the kitchen/break room of the City of Lone Tree.

7.E) Program Elements - Illicit Discharge Detection and Elimination

vi. Provide the total number of unresolved reports/identification of illicit discharges.	
An unresolved illicit discharge is one that has been identified or reported to the permittee an	id the
requirements for removing the illicit discharge were not met during the reporting period. Refe	er to
requirements for removing an illicit discharge in Part I.E.2.a.vi of the new permit. For the pe	eriod prior 0
to implementing a program to meet Part I.E.2.a.vi in accordance with the compliance schedu	ıle, refer
to the permittee's CDPS Stormwater Management Program Description from the previous perm	mit term.

7.F) Program Elements - Construction Sites

The permittee can define what constitutes an individual	"site"	and	"inspection"	for	reporting below as appropriate for
the permittee's own program.					

 Applicable construction sites: Provide the total number of applicable construction sites during the year. "Applicable construction sites" are sites for which "applicable construction activities," as defined in the permit, occurred during the <u>reporting year</u>. 	30
 ii. *Routine Inspections: Provide the total number of Routine Inspections performed during the year. Routine Inspections are inspections of applicable construction activities that meet the inspection scope requirements in Part I.E.3.a.vi(C) and for which documentation is recorded in accordance with in Part I.E.3.d.vi. *Not required prior to the July 1, 2019 deadline for documenting in accordance with I.E.3.b.vi. 	442
 iii. *Reduced Site Inspections: Provide the total number of Reduced Site Inspections performed during the year. Reduced Site Inspections are inspections of applicable construction activities that meet the inspection scope requirements in Part I.E.3.c.vi(D)(1), (2), (3) and (4) for which documentation is recorded in accordance with in Part I.E.3.d.vi. *Not required prior to the July 1, 2019 deadline for documenting in accordance with I.E.3.b.vi. 	11
 iv. *Compliance Inspections: Provide the total number of Compliance Inspections performed during the year. Compliance Inspections are inspections, operator reporting, or other action(s) to assess the control measure has been implemented or corrected of applicable construction activities that meet the inspection scope requirements in Part I.E.3.c.vi(E) and for which documentation is recorded in accordance with in Part I.E.3.d.vi. *Not required prior to the July 1, 2019 deadline for documenting in accordance with I.E.3.b.vi. 	0
 V. <u>COUNTY PERMITTEES ONLY</u> *County Growth Area Excluded Construction: Where any construction activities excluded from applicable construction activities in accordance with Part I.E.3.c.i(B) (1) or (2)? YES If YES, attach a list of the excluded construction sites. Include recordkeeping information requerent I.E.3.d.i. Label the attachment as "Part 7.F.v Excluded Growth Area Construction." 	NO NO

*Not required prior to the January 1, 2019 deadline for implementing in growth areas.

4300 Cherry Creek Drive S., Denver, CO 80246-1530 P 303-692-2000 www.colorado.gov/cdphe John W. Hickenlooper, Governor | Larry Wolk, MD, MSPH, Executive Director and Chief Medical Officer

Re: MS4 General Permit – 2021 Annual Report Permit No. COR-080016

To Whom it May Concern,

Please find enclosed the City of Lone Tree's Municipal Separate Storm Sewer System Management Program Annual Report. This report is for the January 1, 2021 – December 31, 2021 reporting period. We believe that everything is in order and have backup documentation for the report in our files.

Please feel free to contact me at (720) 509-1240 if you have any questions or concerns.

Sincerely,

alik any

Jacob James, P.E., CFM
